## 1. Safe Swimming Spots for Kids

Bali has plenty of beaches, but not all are safe for little ones. Here are the best spots for calm waters and family-friendly vibes:

- **Sanur Beach:** Shallow, calm waters perfect for toddlers. Plus, a paved beach path for strollers.
- **Nusa Dua Beach:** Soft sand and gentle waves, with lifeguards on duty.
- **Jimbaran Bay:** Calm waters and a great spot for a family seafood dinner by the beach.
- **Padang Padang Beach:** Small and sheltered, ideal for older kids who want to try snorkeling.

**Pro Tip:** Always check for lifeguards and avoid swimming during monsoon season (December–February) when waves are stronger.
